

MCore-OPS Datasheet

Modular Compute Solution for Interactive Whiteboards Collaboration

Yealink MCore-OPS is a modular computing solution specially designed for interactive whiteboards. The equipped processor brings you more powerful computing performance and more efficient graphics processing power, allowing you to install and run more applications at the same time without lag. In addition, MCore-OPS supports CEC to wake up the screen automatically. No more external equipment is required, and the sophisticated structural design will greatly facilitate your installation and deployment.

Key Features and Benefits

- Support TPM2.0
- Support CEC

Specifications

Parameter	MCore-OPS	MCore-OPS-i7
System Preload	<ul style="list-style-type: none"> · Windows 10 IoT Enterprise x64 operating system · Windows 10 IoT Enterprise Lisence 	<ul style="list-style-type: none"> · Windows 10 IoT Enterprise x64 operating system · Windows 10 IoT Enterprise Lisence
